Subject: Additional Contacts

John and Chan,

Two additional [REDACTED] have volunteered their contact information and are willing to speak to you about their knowledge of the activity on the Gunshy Manor property. They are:

[REDACTED]
[REDACTED]

There is another [REDACTED] with significant knowledge of the activity and possible new knowledge of unregistered, buried storage tanks for gasoline on the property. It is highly likely she will want to talk to an investigator. A [REDACTED] is in the process of contacting her and will provide contact information once it is available.

Thank you.
